## OBJECTIVE

To contribute my skills and expertise in Web Application Development to a dynamic team where I can apply my programming proficiency and collaborative mindset to create innovative solutions. With a track record of leading successful projects and a keen interest in problem-solving, I aim to contribute positively to the organization's goals and growth.

## SOFT SKILLS

- Strong problem-solving
- Analytical skills
- Quick-decision
- Leadership
- Communication
- Attention to details

## HARD SKILLS

- MS office application
- Google workspace
- Work in CLI & Linux
- Github
- Programming language(JAVA, JavaScript, Python)

## PROJECTS

### Mafuz and Hossain Islami Bank

I developed a simple banking system with Python and MySQL integration, offering core functionalities such as account creation, deposits, withdrawals, and account details viewing. The program includes data validation for mobile numbers and transaction amounts. Using MySQL, the system records transactions and stores account information.

This project showcases my proficiency in Python programming, database integration, and user input validation.

### Daily Routine Tracker

As the team leader of a five-member group, I spearheaded the development of a comprehensive 'Daily Routine Tracker' for my college project. This innovative application serves as a personal productivity tool, enabling users to track their daily tasks, activities, and habits.

This project underscores my leadership abilities, collaborative teamwork, and proficiency in creating practical solutions.
